AMERICAN ANTHEM

EDWIN FAIRFAX NAULTY

DEDICATED TO
ANNE HAREWOOD WASHINGTON

What we have gained in blood and fire,
We hold in peace and love and truth.
We guard the freedom of the sire
With all the strength and faith of youth!
With dauntless hearts we seek the best.
In peace or war for Right we stand!
In North and South in East and West,
One God, one folk, one flag, one land!

America! Our lives for Thee!
America! Forever free!
Our heritage we shall defend
With sword to foe but love for friend,
And God to guide us to the end.
America!

Our hearths, our homes, our kith, our kin
In love we bind unto our souls;
For these we seek our bread to win,
They are the end of all our goals
Save two—and these—with willing hand
To serve our God and Native Land,
Each one as best be to his parts,
And all of us with all our hearts.

America! Our lives for Thee!
America! Forever free!
Our heritage we shall defend
With sword to foe but love for friend,
And God to guide us to the end.
America!
